Reasons for Allowance

1. The Examiner acknowledges the BPAI Decision as filed on 2/25/10, and subsequently an updated search/review has been completed.

2. The following is an Examiner's statement of reasons for allowance.

Claims 1-14 are allowed.

Independent claims 1 and 9, and corresponding dependent claims 2-8 and 10-14 are allowed as having incorporated an allowable subject matter of a video encoder comprising the reference picture weighting factor assignor for calculating respective implicit weighting factors for the first and second reference pictures based on respective distances of the image block to the first and second reference pictures.

Note: the Examiner considers the respective distances of the image block to the first and second reference pictures to be temporal distances.

The prior art of record fails to anticipate or make obvious the allowable subject matter as specified in claims 1 and 9.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record is considered pertinent to Applicant's disclosure.

A) Boyce et al (7,376,186 B2), Motion estimation with weighting prediction.
